

Spring Gardening Workshop Series

From our desire to encourage more gardening in the Waco area, we have created a four-part class series designed to help people grow better vegetables and pass on gardening knowledge in the community. This series will include lots of hands-on learning and will help develop gardening skills for anyone interested in growing a garden at home, at school, or in their community. Discussions of how gardening can be connected to other learning experiences will be included throughout the series.

**Classes
Begin in
March!**

**\$25 for one
class**

**\$80 for the
series**

Plants: From Seed to Harvest

Saturday March 1, 10am-12 Noon or Tuesday March 4, 6pm-8pm

Taught by Susan Trainor, Vegetable Production Intern at World Hunger Relief

Learn what you need to know in order to get started growing your own vegetables including what to plant, when to plant it, how to take care of it, and how to harvest it.

Soils: Getting the Most Out of Your Dirt

Tuesday April 1, 6pm-8pm or Saturday April 5, 10 am-12 Noon

Taught by David Cole, Farm Manager at World Hunger Relief

Understand your soil's physical, chemical, and biological structure, and find out how you can improve it. Bring a sample of soil from your own garden to learn specifically about the kind of soil you will be working with.

Composting: Table Scraps to Topsoil

Saturday May 3, 10am-12 Noon or Tuesday May 6, 6pm-8pm

Taught by Matt Hess, Education Director at World Hunger Relief

Find out how to turn your (and your neighbor's) kitchen and garden waste into the most beneficial soil possible, and become more sustainable in the process.

Pest Management: Admit You Have a Problem

Tuesday June 3, 6pm-8pm or Saturday June 7, 10 am-12 Noon

Taught by Neil Rowe Miller, Executive Director at World Hunger Relief

Learn ecologically friendly techniques to discourage insects, weeds, and plant disease in your garden.
