

World Hunger Relief presents a film series.....

GET INFORMED

at the Farm

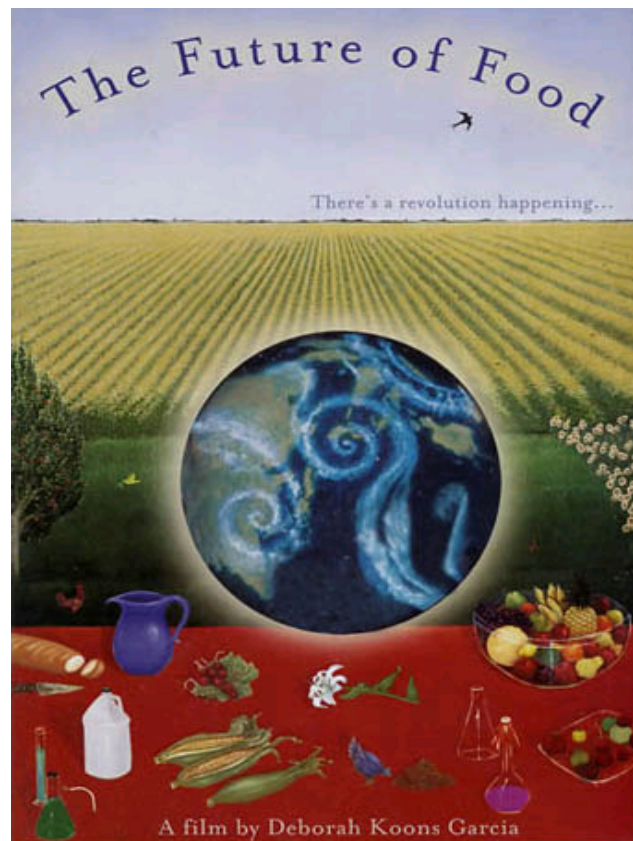

Thursday, November 1st @ 7:30pm

Come out and join us for the second movie
our film series entitled "Get Informed at the
Farm." This month we will be watching
"The Future of Food."

"From the prairies of Saskatchewan, Canada to the fields
of Oaxaca, Mexico, this film gives a voice to farmers whose
lives and livelihoods have been negatively impacted by this
new technology. The health implications, government poli-
cies and push towards globalization are all part of the reason
why many people are alarmed by the introduction of geneti-
cally altered crops into our food supply."

www.thefutureoffood.com

Weather permitting we will be watching the
film outside, so don't forget to bring a lawn
chair or a blanket.
